

# Make the Most of the 90-day Tariff Pause

## 6 Ways DA Helps You Prepare and Perform

With 90 years of experience in 3PL logistics, Distribution Alternatives delivers more than storage. We offer strategic, adaptable solutions designed to help you lead through change. *Here's how we can help you use these 90 days to build momentum and long-term resilience.*

### Optimize Inbound Flow & Inventory Positioning

#### USE THIS PAUSE TO GET AHEAD

- Front-load high-risk SKUs while tariffs are paused
- Reevaluate warehouse positioning to reduce lead times and costs
- Stage inventory closer to customers using our regional hubs

### Reroute for Speed & Savings

#### DA FACILITIES NEAR MAJOR WEST COAST & GULF PORTS

- Shift routing to avoid delays and optimize delivery speed
- Test alternative lanes during this 90-day reprieve
- Use this time to build a more agile import model

### Increase Visibility to Sharpen Decisions

#### INVENTORY INSIGHTS = COMPETITIVE ADVANTAGE

- Gain 24/7 real-time access to your inventory across all DA sites
- Set smart thresholds to manage restocks and demand spikes
- Align procurement with tariff reimplemention timelines

### Maximize Flexibility with Value-Added Services

#### OUR ON-SITE SERVICES HELP YOU:

- Relabel, repackage, and kit products for faster fulfillment
- Respond quickly to supplier shifts or packaging needs
- Turn stored goods into ready-to-ship orders in less time

### Short-Term Solutions. Long-Term Value.

#### FLEX SPACE. FAST SUPPORT.

- Short-term warehousing and overflow support
- Seasonal or promotional fulfillment support
- Responsive account teams that adjust quickly to your needs

### Tap Into Customs & Compliance Experts

#### DO YOUR RESEARCH

- Reassess tariff classifications and documentation accuracy
- Identify duty drawback opportunities
- Work with a 3PL that will help you prepare for a smooth transition when tariffs resume
